WELCOME MESSAGE

Dear Friends

It is with great pleasure that we extend a heartfelt invitation to you to join us in Coimbatore city, the "Manchester of South India" for the 74th Annual National Conference of the Indian Society of Pathology and Microbiology– "APCON 2026". This distinguished event will be hosted by the Department of Pathology, PSG Institute of Medical Sciences & Research, Coimbatore and will take place in the campus of this prestigious institute from December 2nd to 6th 2026. This year's conference is centered around the theme: Where Diagnostics Evolve and Personalised Care Begins.

Coimbatore is a city known for its pleasant cool climate and has an interesting amalgamation of industry and natural beauty. It is situated on the banks of river Noyyal. It offers a gateway to the Western Ghats, the "Blue Mountains" (Nilgiris) and hill stations like Ooty. The city has on its outskirts cascading waterfalls (Kovai Kutralam) and dense forests with a variety of flora and fauna.

This conference consists of an array of preconference workshops in some of which participants will get unique hands-on experiences. Delegates can look forward to inspiring sessions by distinguished national and international speakers who will share updated diagnostic criteria in the various divisions of Pathology and present the latest research and technological innovations. The conference will provide a unique platform for pathologists, postgraduates and researchers to interact, update and integrate traditional practices with emerging developments in digitalisation and artificial intelligence in pathology.

We the Organising Committee of APCON 2026 look forward to warmly welcome you all to join us for an enriching experience that blends academic excellence with the beauty of nature and the hospitality of the host city.

Warm Regards
